

Everyone Wins with Safety— WAA to Form Safety Committee

by: Eric Petersen, WAA Ad Hoc Safety Committee Chair

At the July WAA Board of Directors meeting, the board voted to approve the creation of a WAA-endorsed safety committee! This new committee will focus its attention on safety issues throughout our industry and help members be as safe as possible. To formalize the new committee the WAA's constitution will need to be amended with a two-thirds affirmative vote by the membership. This vote will take

place at the WAA's business meeting during the 2012 annual conference. More information about the amendment will be released in the winter newsletter issue. Thanks to all of the members of the Ad Hoc Safety Committee who helped turn this idea into a reality! Your input was greatly appreciated!

Remember, everybody wins with safety!
