

# Conference Center

---

The 2006 annual conference was held on February 5-7 in Green Bay. Speaker topics included current issues regarding urban forestry programming, tree preservation, and health and structure concepts

such as proper diagnoses, emerald ash borer, decay fungi, and evaluating risk. The three-day program was certainly beneficial to all those who attended. Special kudos went to Mike Wendt, who

received the Distinguished Service Award and Gary Majeskie, who received the Honorary Life Membership. And as always, A BIG THANKS, to all of you whose volunteer efforts made this show possible!

*Meet Your 2006 Board of Directors — back row: Ed Bodus, Rich Hauer, Dave Sharfenberger, Gary Majeskie, Cory Gritzmacher, Shantelle Schmidt, Mark Freberg, Mike Michlig; front row: Paul Markworth, Jeff Treu, Dave Graham, Laura Jull, Brian Cassity*
