

ARBORICULTURAL POLICY

- The Wisconsin EAB Response Plan is now available at the DATCP Web site at <http://www.datcp.state.wi.us/arm/environment/insects/emerald-ash-borer/response.jsp>.
- ANSI A300 Standards in review process include Part 1–Pruning and Part 4–Lightning Protection. ASC public review period ended on 09/25/06. Revision Drafts are available on the TCIA Web site at http://www.treecareindustry.org/Public/gov_standards_review.htm#review.
- The University of Wisconsin Extension publication A3597 has been updated. This publication serves as the primary guide to pesticide, insecticide and herbicide recommendations for the woody ornamentals in Wisconsin. To order a copy, go to the horticulture section of the UW–Extension Publications Web site at <http://cecommerce.uwex.edu/> and look under deciduous or evergreen trees. It will be listed under disorders. It's \$4.00 for a hard copy or you can print it out yourself for free.
