

Tree ID Walk on Campus – Aaron Schauer

Gateway Technical College's Kenosha campus has an excellent variety of species. Aaron will lead a walk of the campus and provide key's to identification of many species within the plant collection at Gateway Kenosha Campus.

Presenter Bio –

Aaron Schauer is a twice graduate from UW-Stevens Point in 2003 and 2015 with his MS in Natural Resources. Amongst his many activities, he has run a small business since 2006 functioning primarily as a contract tree care professional. Currently, he teaches full-time at Gateway Technical College as an instructor of Arboriculture. In between semesters, he subcontracts as a trainer, climber, and plant health care technician for various companies in WI.
