

## **2020 WAA Virtual Summer/Fall Seminar**

### **Sponsorship Opportunities**

**Get in front of your customers! Sponsor a session at the 2020 Virtual Edition of the WAA Summer/Fall Seminar. Take advantage of this unique opportunity to promote your company to hundreds of interested customers.**

This year, WAA is presenting its summer/fall seminar as an online event. The virtual seminar will be broken into two-hour segments and held over several weeks in September and October. That way, attendees won't have to sit through days and hours of programming. In addition to the seminar, the always-asked-for Electrical Hazard Training Workshop will also be virtual. All the speakers in both the seminar and workshop will be live and conference goers can interact with them by asking questions on the Q&A board. All sessions may be recorded for use at a later date.
