

Species Specific Pruning Suggestions - Mike Wendt

Not all trees and tree cultivars have the same pruning needs. Mike will discuss specific pruning suggestions for a wide variety of trees and tree cultivars to enhance or maintain features, improve health, and reduce future maintenance.

Speaker Bio-

Mike Wendt is a retired arboriculture instructor at Milwaukee Area Technical College, and has been an active arborist for 45 years. He is a Board Certified Master Arborist, and still loves climbing and maintaining trees through his consulting business WendtScapes, LLC.
