

How'd You Get Your Rope Up There? – Cameron Lundin

Anchor selection, setting anchor(s) in the tree from the ground, advancing anchors while maintaining egress to ground, and how to maintain safe and reliable gear retrieval.

Presenter Bio –

Owner, LundinTree LLC. Tree preservation and technical rigging is what keeps me climbing. I have learned simple and basic tricks to help me do my job, as well as compete at a high level through cost effective and easy to use tools most arborists already carry.
