

The Hickory Prescription – Ron Gumz

Mature hickories don't give up their secrets easily. In this field-based session, we'll strip away assumptions and examine what a complete arborist prescription looks like. Using on site, client focused, and case driven methodology, this session will bridge textbook knowledge with real world decision making where it matters most, in the field.

Speaker Bio –

Ron Gumz, ISA Board Certified Master Arborist and President of Wachtel Tree Science, Inc., brings over 25 years of experience spanning field production, client sales, and company leadership. A UWSP Urban Forestry graduate, TCIA Board Member, and former WAA President, Ron approaches every tree with passion and precision.
